Which verse of the Qur'an do you think was revealed first? Do you think the Qur'an was revealed first and then Muhammad was sent as Prophet, or the contrary? Muhammad, on the other hand, did not think that there was anything divine about him or his mission. In the first few years of his mission he sent out, to various places of Arabia, some 14 religious teachers who accompanied him as companions. They were asked to announce to the people of their respective towns the message. They would promise the people that if they adopted Islam they would enjoy a very good life with lots of wealth and riches, while they would perish if they rejected Islam. Written by Community Contributor mn2019LIFE. This is the new edition of the popular dictionary of Swahili language. The author has added many new entries, and has also corrected some mistakes. The author writes about the antecedents of the word Kiswahili. He claims that it is an Arabic word, but the absence of an ba244e880a
