About: The download link above is for a Free Full PC Download of Gordon Gate Flash Driver 3.0.0.1 For Windows. It is a new program and may not be safe for your computer. You should check the download and read the terms of use before you purchase. Every day, the Internet gets filled with ads, that promise to revolutionize the way you get your news, check your email and shop online. We are here to tell you that those ads are nearly always bogus. Here are some real facts that sites that are legit don't want you to know. **THE BOGUS POSTERS WILL TALK**

---

A LOT ABOUT “SELLING” You know that whole “Hire me and I will tell you how to make \$3,000 a month from home” thing? Well, the ad will usually have a link to some site and say something like “Get Paid \$3,000 a Month for The Rest of Your Life” or “Hire me and I will make you \$3,000 a Month at Home” etc. Then they’ll have a link for “the system.” But that site is nothing but a scam. It’s usually a fake eBay clone, so they try to scare you into buying by telling you that you are going to lose your account (which they can do if you don’t pay them), or they might tell

---

you that you are going to lose your eBay items, or that they are going to jack up the eBay fees (like they did to some bloggers who bought a little cream colored Barbie on eBay and they got it for \$17.21 and the site said they were going to sell it for \$100+). And yeah, there's lots of other ways to screw you over. Any time you have to "sign up" for an online job, you have to check out the fine print and make sure you can cancel. When you are signing up for the "business" where they are going to teach you how to create your own home-based business, you have to sign up for

---

a full blown membership service. They will tell you about all the great things they can do for you, but always in fine print. You see, if they didn't do it in fine print, that would mean that they were being honest. THE AD WILL TALK A LOT ABOUT "FREE OPTIONS"
