Setup wizard makes creating screen captures and screen recorders a snap.Q: Sql Server 2005: how to query for all records with no matching records I'm trying to create a SQL query that tells me all the keys with no rows associated with them (as in a No Match case). Given the following: KEY | COMPANY ----- KEY1 | COMP1 KEY2 | COMP1 KEY3 | COMP1 KEY4 | COMP2 KEYS | COMP2 KEY6 | COMP2 KEY7 | COMP2 KEY8 | COMP3 KEY9 | COMP3 KEY10 | COMP3 I want to create a query that shows me the following: KEY | COMPANY -----KEY7 | COMP2 KEY8 | COMP3 KEY9 | COMP3 KEY10 | COMP3 As in, it finds all the keys that have no rows for that COMPANY - and groups by COMPANY. A: select KEY,COMPANY from (select KEY,COMPANY ,row_number() over (partition by COMPANY order by KEY) rn from dbo.YourTable) t where rn=1 Knox: Surprise! Virginia Bill Dies On Its Own Loudoun County Republican leader John Wetzel sent out the following message to our Republican friends, volunteers, and supporters regarding the Loudoun Tea Party's successful effort to rally support for an amendment to the state's budget preventing the irresponsible and unprecedented extension of Medicaid, which has now been defeated in the state Senate: "The Virginia Senate has defeated a Republican initiative that would have prohibited the Medicaid Expansion without passing it with a vote of two-thirds of the General Assembly, by a vote of 34 to 29. This issue would have been on the November ballot as an amendment to the state budget. "There is now a small group of Republican senators who claim this is a constitutional issue. However, the Republicans in the Senate who were most outspoken about this constitutional issue were not the Senators who voted against the amendment. "We appreciate Senator Doug Wilder's leadership and we also appreciate Senator Jeffrey M. Frederick's leadership in the
